Incompatibility (Materials to Avoid) – Caustics, amines, alkandamines, aldehydes, ammonia, strong oxidizing agents and chlorinated compounds.

Hazardous Decomposition or Byproducts - None

Hazardous Polymerization May Occur _______ Conditions to Avoid
Will Not Occur X None

SECTION VI - HEALTH HAZARD DATA

Route(s) of Entry: Inhalation? - N/A  Skin? - N/A  Ingestion? - Avoid

Health Hazards (Acute and Chronic) - Potential eye irritant. Prolonged contact with skin may cause irritation.

Carcinogenicity: NTP? - N/A  IARC Monographs? - N/A  OSHA Regulated? - N/A

Signs and Symptoms of Exposure - Burning sensation to eyes or skin. Ingestion: Product is non-toxic but may cause gastrointestinal disturbance and diarrhea.

Medical Conditions Generally Aggravated by Exposure - None

Emergency and First Aid Procedures - Eyes: Flush with plenty of water. Consult your physician if irritation persists. Skin: Rinse affected area thoroughly with water. Ingestion: Drink one or two glasses of water or milk and consult your physician.

SECTION VII - PRECAUTIONS FOR SAFE HANDLING AND USE

Steps to Be Taken in Case Material is Released or Spilled - For small quantities, wash area with water. For large spills, treat with absorbent material and containerize for disposal.

Waste Disposal Method - Dilute small spills with water and direct toward a sanitary sewer. Containerized disposal should be in accordance with all local, state and federal regulations.

Precautions to Be Taken in Handling and Storing - Keep in closed containers.

Other Precautions - For external use only. Use only as directed.

SECTION VIII - CONTROL MEASURES

Respiratory Protection (Specify Type) - Not required.

Ventilation - Local Exhaust - N/A  Special - N/A
Mechanical (General) - N/A  Other - N/D

Protective Gloves - Impervious  Eye Protection - Safety glasses if desired.

Other Protective Clothing or Equipment - For manufacturing operations, wear protective clothing.

Work/Hygienic Practices - Always follow good hygienic practices. Avoid all contact with skin, eyes and clothing.

SECTION III - PHYSICAL/CHEMICAL CHARACTERISTICS

Boiling Point - 180-181 Degrees F
Specific Gravity (H2O=1) .790 at 68 Degrees F
Vapor Pressure – 96 @ 100 (ammHg at F) (mm Hg.)
Melting Point -128 Degrees F
Vapor Density – >1.0 (AIR=1) Evaporation Rate 2.3 (BuAc=1)
Solubility in Water – 100% at 68 Degrees F
Appearance and Odor – Clear liquid with a characteristic isopropyl alcohol odor.

SECTION IV - FIRE AND EXPLOSION HAZARD DATA

Flash Point – 54 Degrees F TCC
Flammable Limits - _____ LFL – 2.0 UFL – 12.7 at 77 Degrees F (method Used)
Extinguishing Media - Water, ABC all purpose extinguisher, chemical foam.
Special Fire Fighting Procedures - Small fires: water spray, dry chemical. Large fires: Use water spray or alcohol type foam. Water in a straight stream will scatter and spread fire and should not be used.
Unusual Fire and Explosion Hazards - Keep away from high temperatures, open flames or other sources of ignition.

ND: NOT DETERMINED NA: NOT APPLICABLE
Incompatibility (Materials and conditions to Avoid) – Caustics, amines, alkanolamines, aldehydes, ammonia, strong oxidizing agents, and chlorinated compounds.

Hazardous Decomposition or Byproducts - None.

Hazardous Polymerization May Occur Will Not Occur _X_

SECTION VI - HEALTH HAZARD DATA

Route(s) of Entry:   Inhalation? - Avoid       Skin? - N/A       Ingestion? - Avoid

Health Hazards (Acute and Chronic) - Eye irritant. Potential respiratory and skin irritant. May be toxic if ingested in large amounts.

Carcinogenicity:  NTP? - N/A       IARC Monographs? - N/A       OSHA Regulated? - N/A

Signs and Symptoms of Exposure - Irritation of eyes, nose and throat. Headache and drowsiness may occur. Strong stomach cramps.

Medical Conditions Generally Aggravated by Exposure - None

Emergency and First Aid Procedures - Eyes and skin: Flush with plenty of water. If irritation persists consult your physician. Inhalation and ingestion: Remove person to fresh air and consult your physician and/or Poison Control Center.

SECTION VII - PRECAUTIONS FOR SAFE HANDLING AND USE

Steps to Be Taken in Case Material is Released or Spilled - Eliminate all sources of ignition (flame, sparks, etc.) Ventilate area well. For small quantities, wash area with water. For large spills: Collect in closed containers for disposal.

Waste Disposal Method - Disposal should be in accordance with all local, state and federal regulations. Precautions to Be Taken in Handling and Storing - Flammable. Keep away from open flames, sparks and other ignition sources. Keep in closed containers stored in a cool well ventilated area.

Other Precautions - For external use only. Use only as directed.

SECTION VIII - CONTROL MEASURES

Respiratory Protection (Specify Type) - Not required.

Ventilation - Local Exhaust - N/A         Special - N/A
    Mechanical (General) - Recommended      Other - N/D

Protective Gloves - Impervious           Eye Protection - Safety glasses if desired.

Other Protective Clothing or Equipment - For manufacturing operations, wear protective clothing.

Work/Hygienic Practices - Always follow good hygienic practices. Avoid all contact with skin, eyes and clothing.
Identity (As Used On Label and List) – New Image Removall

SECTION I

Manufacturer's Name - New Image
and Address 5827 Corporate Way
West Palm Beach, FL 33407

Emergency Telephone Number – (561) 697-9494
Telephone Number for Information (561) 691-9494
Date Prepared – 06/01/01

Emergency Telephone Number:
New Image (561) 697-9494
OR
(Chemtrec) (800) 424-9300 – 24 Hours Every Day

1. CHEMICAL PRODUCT IDENTIFICATION

Product Name: Isopropanol 99%
Synonym: Isopropyl Alcohol, Anhydrous
Chemical Name: 2-Propanol
Chemical Family: Aliphatic Alcohol
CAS No. 67-63-0

2. COMPOSITIONAL/INFORMATION ON INGREDIENTS

This product is hazardous as defined in 29 CFR1910.1200.

OSHA HAZARD
Flammable; PEL; TLV; Eye Irritant

3. HAZARDS IDENTIFICATION

EMERGENCY OVERVIEW:
Clear colorless liquid.
Irritating to eyes, skin, and respiratory tracts.

POTENTIAL HEALTH EFFECTS:

INHALATION:
Vapor concentrations above recommended exposure levels are irritating to the eyes and the respiratory tract. may cause
headaches and dizziness, are anesthetic and may have other central nervous system effects. Negligible hazard at ambient
temperature (-18 to 38 Degrees C; 0 to 100 Degrees F).

EYE CONTACT:
Irritating and will injure eye tissue if not removed promptly.

SKIN CONTACT:
Frequent or prolonged contact may irritate and cause dermatitis. Low order of toxicity.

INGESTION:
Minimal toxicity. Small amounts of the liquid aspirated into the respiratory system during ingestion, or
from vomiting,
may cause brochiopneumonia or pulmonary edema.
3. HAZARDS IDENTIFICATION (Cont’d.)

CHRONIC:
In developmental toxicity studies conducted by the Chemical Manufacturers Association, unexpected acute toxicity was found when Isopropanol was administered to pregnant rabbits by gavage. There were no unexpected toxic effects in pregnant rats exposed in the same study. In rats there were some relatively mild developmental effects at maternally toxic levels. There was no evidence of developmental toxicity in the rats at levels which did not also produce maternal toxicity.

There was no indications of developmental toxicity in the rabbits at any exposure level. Findings from a multigeneration reproduction study indicate that infant and immature rats are more sensitive than their parents to the acute oral toxicity induced by high (1000 mg/kg/day) doses of Isopropanol. The effect levels for rats and rabbits were at several times the maximum exposure that would occur at the TLV. This information has been reported to the U. S. EPA under Section 8(e) of TSCA.

4. FIRST AID MEASURES

INHALATION:
Using proper respiratory protection, immediately remove the affected victim from exposure. Administer artificial respiration if breathing is stopped. Keep at rest. Call for prompt medical attention.

EYE CONTACT:
Immediately flush eyes with large amounts of water for at least 15 minutes. Get prompt medical attention.

SKIN CONTACT:
Immediately flush with large amounts of water; use soap if available. Remove contaminated clothing, including shoes, after flushing has begun.

INGESTION:
If swallowed, DO NOT induce vomiting. Keep at rest. Get prompt medical attention.

5. FIRE FIGHTING MEASURES

Flashpoint and Method: 54 Degrees F. TCC
Autoignition Temperature: > 662 Degrees F.
Flammable Limits: LEL: 2.0 UEL: 12.7 @ 77 Degrees F.

GENERAL HAZARD:
Flammable liquid, can release vapors that form flammable mixtures at temperatures at or above the flashpoint. “empty” containers retain product residue (liquid and/or vapor) and can be dangerous. DO NOT PRESSURIZE, CUT, GRIND, OR EXPOSE SUCH CONTAINERS TO HEAT, FLAME, SPARKS, STATIC ELECTRICITY, OR OTHER SOURCES OF IGNITION: THEY MAY EXPLODE AND CAUSE INJURY OR DEATH. Empty containers should be completely drained and properly disposed of.

FIRE FIGHTING:
Use water spray to cool fire exposed surfaces and to protect personnel. Shut off “fuel” to fire. If a leak or spill has not ignited, use water spray to disperse the vapors. Either allow fire to burn under controlled conditions or extinguish with
alcohol type foam and dry chemical. Try to cover liquid spills with foam.

DECOMPOSITION PRODUCTS UNDER FIRE CONDITIONS:
No unusual.

6. HANDLING AND STORAGE

STORAGE TEMP: Ambient

GENERAL:
Keep containers closed. Handle and open containers with care. Store in a cool, well ventilated place away from incompatible materials. DO NOT handle or store near and open flame, heat or other sources of ignition. Protect material from direct sunlight. This material is not a static accumulator, but use proper grounding procedures. DO NOT pressurize, cut or heat containers. Empty product containers may contain product residue. DO NOT reuse empty containers.
7. EXPOSURE CONTROLS/PERSONAL PROTECTION

Route(s) of Entry: Inhalation? - Avoid  Skin? - N/A  Ingestion? - Avoid

Health Hazards (Acute and Chronic) - Eye irritant. Potential respiratory and skin irritant. May be toxic if ingested in large amounts.

Carcinogenicity: NTP? - N/A  IARC Monographs? - N/A  OSHA Regulated? - N/A

Signs and Symptoms of Exposure - Irritation of eyes, nose and throat. Headaches and drowsiness may occur.

Medical Conditions Generally Aggravated by Exposure - None

Emergency and First Aid Procedures - Eyes and skin: Flush with plenty of water. If irritation persists consult your physician. Inhalation and ingestion: Remove person to fresh air and consult your physician and/or Poison Control Center.

8. PHYSICAL AND CHEMICAL PROPERTIES

Vapor Pressure (mmHg at F): 96 @ 100, 230 @ 131  Boiling Point, F: 180 to 181
Evaporation Rate (Buac=1): 2.3  Freezing/Melting Pt., F: –128
Specific Gravity at f: 0.79 @ 68  Viscosity of Liq., cSt @ F: 2.7 @ 68
Solubility in Water, wt % @ F: 100.00 @ 68  Sp. Gr. Vapor @ 1 atm (Air=1) >1.0

9. STABILITY AND REACTIVITY

GENERAL: This product is stable and hazardous polymerization will not occur.

INCOMPATIBLE MATERIALS AND CONDITIONS TO AVOID: Caustics, amines, alkanolamines, aldehydes, ammonia, strong oxidizing agents, and chlorinated compounds.

HAZARDOUS DECOMPOSITION PRODUCTS: None.

10. TOXICOLOGICAL INFORMATION

Please refer to Section 3 for available information on potential health effects.

11. ECOLOGICAL INFORMATION

No specific ecological data are available for this product.

Route(s) of Entry:  Inhalation? - N/A  Skin? - N/A  Ingestion? - Avoid

Health Hazards (Acute and Chronic) - Potential eye irritant. Prolonged contact with skin may cause irritation.

Carcinogenicity:  NTP? - N/A  IARC Monographs? - N/A  OSHA Regulated? - N/A

Signs and Symptoms of Exposure - Burning sensation to eyes or skin. Ingestion: Product is non-toxic but may cause gastrointestinal disturbance and diarrhea.

Medical Conditions Generally Aggravated by Exposure - None

Emergency and First Aid Procedures - Eyes: Flush with plenty of water. Consult your physician if irritation persists. Skin: Rinse affected area thoroughly with water. Ingestion: Drink one or two glasses of water or milk and consult your physician.

SECTION VII - PRECAUTIONS FOR SAFE HANDLING AND USE

Steps to Be Taken in Case Material is Released or Spilled - For small quantities, wash area with water. For large spills, treat with absorbent material and containerize for disposal.

Waste Disposal Method - Dilute small spills with water and direct toward a sanitary sewer. Containerized disposal should be in accordance with all local, state and federal regulations.

Precautions to Be Taken in Handling and Storing - Keep in closed containers.

Other Precautions - For external use only. Use only as directed.

SECTION VIII - CONTROL MEASURES

Respiratory Protection (Specify Type) - Not required.

Ventilation - Local Exhaust - N/A  Special - N/A  Mechanical (General) - N/A  Other - N/D

Protective Gloves - Impervious  Eye Protection - Safety glasses if desired.

Other Protective Clothing or Equipment - For manufacturing operations, wear protective clothing.

Work/Hygienic Practices - Always follow good hygienic practices. Avoid all contact with skin, eyes and clothing.
This information is furnished without warranty, expressed or implied, except that it is accurate to the best of our knowledge. New Image assumes no legal responsibility for use or reliance upon this data.

Identity (As Used On Label and List) – Minoxidil Topical Solution 2%

1. DISTRIBUTOR:

Manufacturer's Name - New Image
and Address 5827 Corporate Way
West Palm Beach, FL 33407

Emergency Telephone Number – (561) 697-9494
Telephone Number for Information (561) 691-9494

Date Prepared – 06/01/01

Emergency Telephone Number: New Image (561) 697-9494

4. PHYSICAL AND CHEMICAL PROPERTIES

Appearance/Physical State: Clear, colorless to light yellow liquid dispensed in 60 ml bottles
Boiling Point: 78 Degrees C (172 Degrees F) for Ethyl Alcohol (Ethanol)
Evaporation Rate: 3.3
Specific Gravity (water =1) 0.8960 -.921 @ 22 Degrees C
Vapor Density (air): 1.78 @ 20/20 C
Vapor Pressure: .08 mm Hg
Volatility: 80%

5. STABILITY AND REACTIVITY

Stability: Stable
Physical Conditions to Avoid: Fires, hot surfaces and ignition sources
| Incompatibility With Other Materials: | None         |
| Hazardous Decomposition Products | None         |
| Hazardous Polymerization:        | Does Not Occur |
6. HAZARDS IDENTIFICATION

Primary Routes of Exposure:
Skin contact, eye contact, inhalation and ingestion.
Signs Of Overexposure:
Dermatitis, allergic reaction, burning of scalp, folliculitis, and systemic absorption (chest pain, fast or irregular heartbeat, hypotension, neuritis, sodium and water retention, and vasodilation). This product contains an alcohol base which can cause irritation and burning to the eyes.

Medical Conditions Aggravated by Exposure:
Skin irritation or Hypersensitivity to the materials in the preparation, Hypertension or Cardiovascular disorders, Kidney damage.

7. EMERGENCY AND FIRST AID MEASURES

Skin Contact:
Remove contaminated clothing and shoes immediately. Wash affected area with soap and large amounts of water.
Eye Contact:
Immediately flush eyes with water and continue washing for several minutes. Obtain medical attention if discomfort persists.
Inhalation:
Remove to fresh air.
Ingestion:
Get medical attention or contact poison control center.

8. FIRE FIGHTING MEASURES

Flash Point:
72 Degrees F (flammable)
Lower Explosion Limit (LEL):
3.3% (ethanol)
Upper Explosion Limit (UEL):
19% (ethanol)
Extinguishing Media:
Apply alcohol type or all purpose foam for large fires. Use dry chemical or carbon dioxide for small fires.
Fire Fighting Procedures:
Use water spray to cool fire-exposed containers and structures. Use water spray to disperse vapors; re-ignition is possible. Use self-contained breathing apparatus and protective clothing.
Unusual Fire or Explosion Hazards:
None
Hazardous Combustion Products:
Carbon dioxide, Carbon monoxide, and Nitrogen Oxides.

9. PHARMACOLOGY

Physicochemical Characteristics:
Molecular Weight = 209.25, pKa = 4.6
Mechanism of action/Effect:
Stimulation of hair growth: Not definitely established, but possible mechanisms include increased cutaneous blood flow as a result of vasodilation, and stimulation of resting hair follicles (telogen phase) into active growth (anagen phase).
Other action/Effects:
Systemically absorbed Minoxidil may cause peripheral arterial vasodilation, reduced peripheral resistance, a reflex increase in heart rate and cardiac output, and fluid retention.
Absorption:
Average 1.4% (range 0.3 to 4.5%) of the total applied dose, may be increased if applied to inflamed skin.
Onset of action:
1 year.
Duration of action:
be lost 3

Elimination:
Minoxidil is

At least 4 months (variable); further growth continues through

New hair growth achieved during therapy may be expected to
to 4 months after withdrawal of Minoxidil, and progressive
resume.

Elimination:
Renal – approximately 95% of systemically absorbed
eliminated within 4 days.

10. TOXICOLOGICAL INFORMATION

Acute Studies:
Eye Irritation (Rabbit):
Sensitization:
conducted in the

Minimally irritating.
Tests for sensitization were negative as well as those
guinea pig for photo toxicity and photo allergenicity.
Skin LD50 (rat): >2007 mg/kg (Minoxidil)
Skin LD50 (rabbits): 20.8 gm/kg (propylene glycol)
Oral LD50 (rat): 1321 mg/kg (Minoxidil); 7060 mg/kg (ethanol); 20-34 gm/kg (propylene glycol)
Oral LD50 (mouse): >1000 mg/kg (Minoxidil)
Oral TDLo (woman): 200 g/kg (Minoxidil)
Intermittent Oral TDLo (man): 107 g/kg/3D
Intermittent Oral LDLo (man): 69 g/kg/34W
Intravenous LD50 (rat): 49 mg/kg (Minoxidil)
Intravenous LD50 (mouse): 51 mg/kg (Minoxidil)
Intraperitoneal LD50 (rat): 759 mg/kg (Minoxidil)
Intraperitoneal LD50 (mouse): 1001 mg/kg (Minoxidil)
Subcutaneous LD50 (rat): 1480 mg/kg (Minoxidil)
Subcutaneous LD50 (mouse): 3120 mg/kg (Minoxidil)

Other Studies:
Carcinogenicity: 1-year study of Minoxidil applied topically in rats and rabbits found no evidence of Carcinogenicity.
Mutagenicity: Minoxidil was not found to be mutagenic in the Salmonella damage/alkaline elution assay, or the rat micronucleus test.
Fertility: There was a dose-dependent decreased conception rate in male given 1 or 5 times the maximum recommended oral doses.

Pregnancy:
Adequate and well-controlled studies in humans have not been done. With oral administration of Minoxidil, no teratogenic effects occurred in rats or rabbits, but not rats) at 5 times the maximum recommended antihypertensive human dose (FDA pregnancy Category C). One woman treated with 10 mg daily of oral Minoxidil excreted Minoxidil in her breast milk. It is not known whether topical Minoxidil is excreted in the breast milk. However, should not be administered to women who are breast-feeding.

Geriatrics: No geriatrics-specific information is available on the use of this medication in patients over 65 years of age.

11. SPILL AND LEAK PROCEDURES
Steps to be taken in case material is released or spilled: Provide adequate ventilation to keep vapor levels as low as possible. Use proper personal protective equipment to avoid overexposure. Keep the product out of the drain. Prevent the entry to surface water, ground water and soil. Remove all the ignition sources. Small spills can be absorbed with appropriate material e.g. rags, paper towels. Large spills should be contained and vacuumed and placed in a suitable container. Dispose of the spilled material by incineration in compliance with federal, state and local regulations.

12. WASTE DISPOSAL METHOD
Incinerate in accordance with applicable international, national, state and local waste disposal regulations. For discarding expired or outdated material: Proper Shipping Name: Waste, Flammable Liquids N.O.S., Haz. Class 3, UN 1993, PG II. (contains alcohol)
13. STORAGE AND HANDLING PRECAUTIONS

As with any drug/medicine, keep this drug out of the reach of the children. Keep the container tightly closed and store in a cool, dry place and away from light. As this product is flammable, keep away from heat, sparks and fire.
14. PROCESS HANDLING PRECAUTIONS

Process Hazard: Sudden release of hot organic chemical vapors or mists from process equipment operating at elevated temperature and pressure, or sudden ingress or air into vacuum equipment, may result in ignitions without the presence of obvious ignitions sources. Published “autoignition” or “ignition” temperature values cannot be treated as safe operating temperatures in chemical process without analysis or the actual process conditions.

Transfer Hazard: Vapors of this product may be ignited by static sparks. Use proper bonding and grounding during bulk liquid, alcohol transfer as described in National Fire Protection Association document NFPA 77.

15. PERSONAL PROTECTION/EXPOSURE CONTROLS

Respiratory Protection: Not required
Ventilation: Local Exhaust
Protective Gloves: Not required
Eye Protection: Not required

16. SHIPPING REGULATIONS (Ref: 49 CFR 172.101)

Proper Shipping Name: Consumer Commodity
Hazard Class: ORM-D
UN/NA Number: None Listed
Subsidiary Risk: None
US DOT Emergency Response Guide: No. 128
Transportation Label Required: None
Shipping Restrictions: Cargo & Passenger Aircraft Maximum, 30 Kg gross
Markings Required: Consumer Commodity ORM D or Consumer Commodity ORM D-Air
Other Special Provisions: None known

17. OTHER INFORMATION

Labeling: This product (drug/medicine) is subject to the labeling requirements of FDA and therefore, is exempt from the labeling requirements of OSHA Hazardous Communication Standard (29 CFR 1910.1200).

18. DISCLAIMER

The Contents of this MSDS are believed to be accurate, but should only be used as a guide. Hair Club disclaims any express or implied warranty as to the accuracy of the above information and shall not be held liable for any direct, incidental or consequential damages resulting from reliance on the above information.

SECTION VI - HEALTH HAZARD DATA

Route(s) of Entry:  Inhalation? - Avoid  Skin? - N/A  Ingestion? - Avoid

Health Hazards (Acute and Chronic) - Eye irritant. Potential respiratory and skin irritant. May be toxic if ingested in large amounts.

Carcinogenicity:  NTP? - N/A  IARC Monographs? - N/A  OSHA Regulated? - N/A

Signs and Symptoms of Exposure - Irritation of eyes, nose and throat. Headache and drowsiness may occur. Strong stomach cramps.

Medical Conditions Generally Aggravated by Exposure - None

Emergency and First Aid Procedures - Eyes and skin: Flush with plenty of water. If irritation persists consult your physician. Inhalation and ingestion: Remove person to fresh air and consult your physician and/or Poison Control Center.

SECTION VII - PRECAUTIONS FOR SAFE HANDLING AND USE

Steps to Be Taken in Case Material is Released or Spilled - Eliminate all sources of ignition (flame, sparks, etc.) Ventilate area well. For small quantities, wash area with water. For large spills: Collect in closed containers for disposal.

Waste Disposal Method - Disposal should be in accordance with all local, state and federal regulations.

Precautions to Be Taken in Handling and Storing - Flammable. Keep away from open flames, sparks and other ignition sources. Keep in closed containers stored in a cool well ventilated area.

Other Precautions - For external use only. Use only as directed.

</table>

Incompatibility (Materials to Avoid) - Oxidizing Materials

Hazardous Decomposition or Byproducts - Very high heat may evolve silicon dioxides, carbon dioxides

Hazardous Polymerization May Occur

Will Not Occur X None

SECTION VI - HEALTH HAZARD DATA

Route(s) of Entry: Inhalation? - N/A Skin? - N/A Ingestion? - Avoid

Health Hazards (Acute and Chronic) - Potential eye irritant. Prolonged contact with skin may cause irritation.

Carcinogenicity: NTP? - N/A IARC Monographs? - N/A OSHA Regulated? - N/A

Signs and Symptoms of Exposure - Burning sensation to eyes or skin. Ingestion: Product is non-toxic but may cause gastrointestinal disturbance and diarrhea.

Medical Conditions Generally Aggravated by Exposure - None

Emergency and First Aid Procedures - Eyes: Flush with plenty of water. Consult your physician if irritation persists. Skin: Rinse affected area thoroughly with water. Ingestion: Drink one or two glasses of water or milk and consult your physician.

SECTION VII - PRECAUTIONS FOR SAFE HANDLING AND USE

Steps to Be Taken in Case Material is Released or Spilled - For small quantities, wash area with water. For large spills, treat with absorbent material and containerize for disposal.

Waste Disposal Method - Dilute small spills with water and direct toward a sanitary sewer. Containerized disposal should be in accordance with all local, state and federal regulations.

Precautions to Be Taken in Handling and Storing - Keep in closed containers.

Other Precautions - For external use only. Use only as directed.

SECTION VIII - CONTROL MEASURES

Respiratory Protection (Specify Type) - Not required.

Ventilation - Local Exhaust - N/A Special - N/A
Mechanical (General) - N/A Other - N/D

Protective Gloves - Impervious Eye Protection - Safety glasses if desired.

Other Protective Clothing or Equipment - For manufacturing operations, wear protective clothing.

Work/Hygienic Practices - Always follow good hygienic practices. Avoid all contact with skin, eyes and clothing.

Hazardous Polymerization May Occur | Conditions to Avoid
Will Not Occur | X | None

SECTION VI - HEALTH HAZARD DATA

Route(s) of Entry: Inhalation? - Avoid Skin? - N/A Ingestion? - Avoid

Health Hazards (Acute and Chronic) - Eye irritant. Potential respiratory and skin irritant. May be toxic if ingested in large amounts.

Carcinogenicity: NTP? - N/A IARC Monographs? - N/A OSHA Regulated? - N/A

Signs and Symptoms of Exposure - Irritation of eyes, nose and throat. Headache and drowsiness may occur. Strong stomach cramps.

Medical Conditions Generally Aggravated by Exposure - None

Emergency and First Aid Procedures - Eyes and skin: Flush with plenty of water. If irritation persists consult your physician. Inhalation and ingestion: Remove person to fresh air and consult your physician and/or Poison Control Center.

SECTION VII - PRECAUTIONS FOR SAFE HANDLING AND USE

Steps to Be Taken in Case Material is Released or Spilled - Eliminate all sources of ignition (flame, sparks, etc.) Ventilate area well. For small quantities, wash area with water. For large spills: Collect in closed containers for disposal.

Waste Disposal Method - Disposal should be in accordance with all local, state and federal regulations.

Precautions to Be Taken in Handling and Storing - Flammable. Keep away from open flames, sparks and other ignition sources. Keep in closed containers stored in a cool well ventilated area.

Other Precautions - For external use only. Use only as directed.

SECTION VIII - CONTROL MEASURES

Respiratory Protection (Specify Type) - Not required.

Ventilation - Local Exhaust - N/A Special - N/A
Mechanical (General) - Recommended Other - N/D
Protective Gloves - Impervious                   Eye Protection - Safety glasses if desired.

Other Protective Clothing or Equipment - For manufacturing operations, wear protective clothing.

Work/Hygienic Practices - Always follow good hygienic practices. Avoid all contact with skin, eyes and clothing.
